ALT-15

Equals Healthy Vibrant Crops

Control Your Crop's Destiny

Many available studies show suppression of plant diseases through proper mineral nutrition. ALT-15 has been formulated with a proprietary blend including an 8% chloride solution. Although ALT-15 is designed for explosive plant/fruit growth, chloride research has shown that it plays an important role in suppression of fungal leaf and root diseases.

These diseases include:

- ◆ Mildew
- ◆ Take-all
- ◆ Leaf Rust
- ◆ Tan Spot
- ◆ Spot Blotch
- ◆ Powdery Mildew
- ◆ Septoria
- ◆ Common Root Rot

Healthy Crops & Bin Busting Yields with ALT-15

ALT-15
Fertility

Bigger Better Yields Through Proper Nutrition

Effective
Affordable
Increased Yields
Slow Release Nitrogen
Non-Burning Formula
Higher Crop Production
Carbon Source Nutrients

Carbon rich fertility designed to accelerate growth and maintain sustained growth with our specialized slow-release nitrogen package.

Your Crops Deserve the Very Best!
