

CleanGreen®

ALT-15

Plant Foliar

15-0-0-0-8Cl

Guaranteed Analysis

Total Nitrogen (N)..... 15%

Urea Nitrogen..... 6%

Polymethylene Urea..... 9%

Ammonium Chloride.....8%

Inert Ingredients Include Carbon

Gallons:

Net Weight: 9.5lb per gallon

General Information

ALT-15 has been formulated to maximize the benefits of slow release nitrogen with the disease suppression of chloride.

Chloride research has concluded that it plays an important role in suppression of fungal leaf and root diseases. These diseases include: mildew, take-all, leaf rust, tan spot, spot blotch, powdery mildew, septoria and common root rot.

Recommended Application

Results have been seen in a wide range or applications from 16oz per acre on row crops and up to 2gals per acre on trees/shrubs/bushes.

General Use Rates: Foliar apply at a rate of 32oz per acre as needed on row crops and 1-2 gals as needed on trees/shrubs/bushes with enough water for adequate coverage. Compatible with most foliar fed fertilizers and other spray materials.

Always jar test before using.

For Best Results Use With AG-TEC Adjuvant.

Caution: Keep out of reach of children. Harmful if swallowed. If ingested consult a physician. Avoid prolonged contact with skin. In case of eye contact flush with plenty of water for at least 15 minutes.
