## CleanGreen®

## BIOTEC

**Manure  
& Grease Digestant**

*Tackles Waste Build-up  
Unlike Any Other!*

[www.UnitedStatesAg.com](http://www.UnitedStatesAg.com)

# When The Right Bacteria Aren't Present, Break-Down Stops

*The anaerobic bacteria break down the bottom manure solids and bring them to the surface, where the aerobic bacteria take over to digest what remains.*

BioTec breaks down and digests waste in every way necessary to provide the best solution for manure cleaning, containment, and maintenance.

## Our BioTec Can Digest Your Waste While Saving You Money

**Don't throw money away burning precious time with products that are hard to work with!!!**

*"We have used BioTec in our city septic lagoon for the past 17 years and haven't had a problem since!"*

**-Satisfied Customer**

*"Sludge levels were so high that aerators were shooting it out. Since using BioTec, our levels have been 12 to 13 inches, and we've had no need to dredge!"*

**-Satisfied Customer**

## **Some added benefits...**

- ◆ **Restores oxygen levels to numbers that remove odor**
- ◆ **Breaks down oils and grease found in manure pits**
- ◆ **Saves time by eliminating bio-removal record keeping**
- ◆ **Good for the environment**

**CleanGreen®** BioTec is a waste, manure, and grease/oil digestant that works! It cleans up manure pits and tanks. Whether it's cattle, hog, chicken, etc., it works fast, and it's effective.

Waste build-up affects the natural anaerobic bacteria levels negatively, and manure break-down decreases. BioTec combats and reverses the negative anaerobic levels.
