

CleanGreen®
MIN-TEC

*Pure * Natural * Effective*

MIN-TEC is physically processed sea water, containing naturally occurring minerals concentrated and excess sodium levels removed. MIN-TEC can be beneficial to all types of plants including trees, vines, small grains, grasses, vegetables, legumes, root crops, etc.

General Use Directions:

Starter: Apply 8-16 ounces per acre in the row on the seed with a buffer. Foliar apply or top-dress 1-4 quarts per acre per application. Can be applied with water or other U.S. Ag solutions.

When mixing with other solutions, ALWAYS mix MIN-TEC into the tank mix first! For more specific crop instructions; contact U.S. Ag, LLC.

Note: MIN-TEC is not compatible with all synthetic NPK solutions. Always jar test before using.

Caution: Keep out of reach of children. May be harmful if swallowed. If ingested drink several glasses of water, and consult a physician immediately.

Size: 5 Gallon (18.92L)

Net Weight: 46.5lbs
