Grow the Best Crops

The best crop program is one that delivers all the essential nutrients to the plant for it to grow to its full potential.

Unlike most foliar applied fertilizers, our product consists of a premium package that addresses almost every nutritional need of the plant. F14 provides trace minerals, carbon, sugars, nitrogen, humics, and an outstanding delivery system.

CleanGreen F14 can make a vast improvement in crop production!

Our product has been meticulously formulated to ensure the host of ingredients stay balanced and in-solution so your crops get the very best nutrition possible!

Improve Plant Photosynthesis

Grow Vigorous Plants

Higher Brix Levels

Greater Fruitation

Increased Plant Maturity

Increased Drought tolerance

Improve Plant Vitality

Eliminate Need for Chemical Fertilizers

Improve Overall Plant Health

Increase Microbial Activity

Bigger Yields

Lower Overall Cost of Production

F14 is a broad spectrum product that is considerably more affordable than purchasing various independent products in hope of meeting all the needs of the plant.

By incorporating the essential nutrients into one product you are able to drastically reduce your input costs.

Increase Profits

The delivery system of F14 is truly what sets it apart from everything else on the market and is a key reason why our crops have explosive growth.

Tests and testimonials conclude that F14 makes a huge impact on the yield and quality of crops. Farmers comment that F14 grew the best crops ever!
