

CleanGreen®

HA-Plus

**High Quality Liquid Plant
Nutrients**

6% Humic Acids

(Humic acids percentage claimed is based on an average. Levels may be slightly more or less.)

**Derived from Mined Leonardite Mineral
Deposits**

Mixing Instructions

Humic Acid disperses well in tank solution with minimum agitation. It may be combined with most fertilizer solutions using adequate agitation during mixing. Do not mix with products containing high calcium concentrations. **Always jar test before using.**

General Use Directions

1st Application: Apply 1-2 gallons per acre for typical poor soil conditions or low productivity.

2nd Application: Apply 1 gallon per acre as needed.

Caution: Keep out of reach of children. Harmful if swallowed. If ingested consult a physician. Avoid prolonged contact with skin. In case of eye contact flush with plenty of water for at least 15 minutes.
