High Quality Foliar Fertilizer

0-0-1

Guaranteed Analysis

Soluble Potash (K₂O).....1.00%
Derived From: Cane molasses, kelp extract,
physically processed sea water, humic acids.

General Use Directions

For Best Results: foliar apply to plant in early stages of growth and as needed.

Use as a foliar application fertilizer for crops. Can be mixed and applied with other fertilizers, herbicides & pesticides.

For Best Results:

Apply: 1/2 gallon per acre as needed.
For best results do not dilute less than 9:1
or more than 40:1

Always jar test before using.

Caution: Keep out of reach of children. Harmful if swallowed. If ingested consult a physician. Avoid prolonged contact with skin. In case of eye contact flush with plenty of water for at least 15 minutes.

Gallons: _____ Net Weight: Bulk
