

# CleanGreen<sup>®</sup> Organic 888 Complete

High Quality Foliar Fertilizer

**0-0-1**

**Guaranteed Analysis**

Soluble Potash (K<sub>2</sub>O).....1.00%  
Derived From: Cane molasses, kelp extract,  
physically processed sea water, humic acids.

**General Use Directions**

For Best Results: foliar apply to plant in early stages of growth and as needed.

Use as a foliar application fertilizer for crops. Can be mixed and applied with other fertilizers, herbicides & pesticides.

**For Best Results Apply:**

**Broadleaf:** 1/2 gallon per acre prior to bloom and as needed.

**Grasses:** 1 gallon per acre early life cycle and as needed.

**Trees/Bushes:** 1-2 gallons per acre pre-bloom and every 30 days until harvest or as needed.

For best results do not dilute less than 9:1 or more than 40:1

Always jar test before using.

**Caution:** Keep out of reach of children. Harmful if swallowed. If ingested consult a physician. Avoid prolonged contact with skin. In case of eye contact flush with plenty of water for at least 15 minutes.
